C&C Catering Equipment Ltd

ENVIRONMENTAL POLICY STATEMENT

The Management team of C&C Catering Equipment Ltd (C&C) regard the promotion and preservation of the environment as a mutual objective for the management and employees at all levels. C&C are fully committed to protecting and continually improving the quality of our working and surrounding local environments and, are committed to working pro-actively with, and communicating this policy to our employees, customers, sub-contractors and all other external influences to achieve a safer, cleaner, healthier and sustainable environment, which will meet present needs, future needs and regulatory requirements.

The Environmental Management System (EMS) has been developed to comply with the requirements of BS EN ISO 14001.

The C&C key Environmental objectives:

- Ensure that good environmental management is an integral part of our business culture by communicating the EMS Policy and their individual responsibilities to all employees and stakeholders
- Strive to ensure that all employees, agency staff, contractors, customers and members of the public are aware of the environmental impacts of our business and understand how we can work together in order to meet the needs of our business in a safe and sustainable manner. In this regard we seek to provide leadership towards continual improvement
- Report and audit our environmental performance to improve accountability and to drive continual improvement of our EMS
- Ensure that the relevant needs and expectations of Interested Parties are considered and met if deemed to be compliance obligations
- To reduce energy and resource consumption
- To minimise the amount of waste generated
- To reduce emissions to air
- To prevent pollution and nuisance
- To re-use and recycle where possible
- To manage the correct safe and effective disposal of waste materials through approved agencies.
- Maintain a high level of awareness of sustainability issues amongst our employees and integrate environmental management into training
- Meet or exceed all relevant UK, European and International legislative and regulatory requirements and agreements
- Ensure that goods and services procured in a sustainable manner and encourage our suppliers and contractors to improve their own environmental performance
- Wherever practicable, encourage our clients/architects to make the best environmental choices in respects to equipment specification and environmental performance
- Evaluate environmental impacts when considering new vehicles, equipment, products, plant, buildings and processes
- Record and periodically review the climate-related needs and expectations of relevant interested parties
- Review and revise this policy at frequent intervals

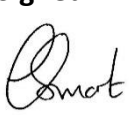

This policy will be communicated to all staff and any necessary external interested parties i.e. sub-contractors that may be working on our behalf. It will be made available to the public upon request and through our web site. www.cateringequipment.com
